

Technical Specification

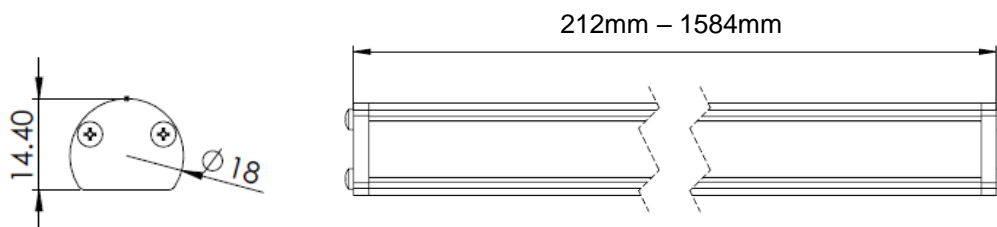

SL-HO-24-07

Product Name:	SL-HO-24-07
Category:	Shelf Light
Description:	24V medium powered diffused LED Shelf Light in an aluminium housing, 23.9W/m

Features:	Aluminium housing	Applications:	Shelf Lighting
	High performance Lumieo™ diffuser		Architectural lighting
	Optional IP67 weatherproof resin coating		Bulkhead lighting
	Power Consumption = 23.9W/m		Shop fitting
	Operating Voltage = 24V		Kick plate lighting
	LED Drive Current = 50mA		Cove lighting
	Lumen Output = 1474 lumens/meter (NW, CRI90)		Night lines
	L70 > 50,000 hrs at Ta = 25°Celsius		Display case lighting
	LEDs from Philips		
	Maximum linear connected length = 1.6m		
	Standard lengths of 212, 408, 604, 800, 996, 1192, 1388, 1584mm		
	Custom lengths available		
	Available with IP67 connectors		
	Available in Natural White CRI90 and specialty Meat CCT as standard		
Other CCTs / CRIs available on request
